

## **Press Release**

(Immediate release)

### **Trisotech named one of Canada's Fastest Growing Technology Companies in 2002 Deloitte & Touche Canadian Technology Fast 50**

Montréal, October 7<sup>th</sup>, 2002 - Trisotech Inc., a privately owned company providing Human Capital Management Solutions, has ranked 30<sup>th</sup> on the Samson Bélair/Deloitte & Touche's prestigious Canadian Technology Fast 50 ([www.fast50.ca](http://www.fast50.ca)) program. A ranking of the 50 fastest growing technology companies in Canada.

Trisotech has effectively experienced a spectacular 946% growth over a five-year period. This success is based on the company's strategy in providing Human Capital Management Solutions offering better process control together with costs, quality and effectiveness optimization. For example, Trisotech is currently proceeding at the development of an innovative software solution based on artificial intelligence to be used by corporate management as a Human Capital Dashboard. This new class of software will allow, in the first place, the EVALUATION of various aspects of the Company's Human Capital in order to ensure MANAGEMENT OPTIMIZATION by directly linking Human Resource Activities to Corporate Strategic Objectives.

Denis Gagné, CEO of Trisotech, reiterated the corporate philosophy and stakes during the prize ceremony; «This is a real team effort for which we are very proud of. We are fully determined to maintain the rapid growth of the company for the years to come. To make sure our solutions are relevant to the reality and needs of the market, Trisotech is constantly looking for strategic partnership in order to keep on progressing. »

« To rank on the Deloitte & Touche Canadian Technology Fast 50, companies must have had tremendous revenue growth in a five-year period. Trisotech has proven to be one of the fast-growth success stories in Canada, and we applaud their success and vision » stated Garry Foster, National Director, Technology, Media and Telecommunications, Deloitte & Touche.
