**TRISOTECH RANKED IN BRANHAM300
FOR A FIFTH CONSECUTIVE YEAR**

MONTREAL, April 2, 2007 – For a fifth consecutive year, Trisotech has made its mark among the top 250 Canadian IT companies in the prestigious Branham300 listing. Released on a yearly basis by the Branham Group, the listing is a significant reflection of the company's status in the IT market, a fast-paced and crucial sector for the Canadian economy.

Trisotech is featured as one of the forty Quebec-based IT companies making the cut for the 2006 listing, a position the Montreal SME is very proud of. "2006 was marked by the celebration of Trisotech's 10th anniversary. This milestone plus the inclusion in the Branham listing for a fifth year in a row demonstrate our commitment to creating value-generating solutions for our clientele," said Mr. Denis Gagné, chief executive officer and chief technology officer at Trisotech.

Trisotech would like to take this opportunity to recognize the know-how and complicity of its team and to reiterate its commitment to servicing clientele beyond their satisfaction.
