## **Trisotech personnel at Gartner Business Process Management Summit 2007**

Trisotech personnel attended Gartner Business Process Management Summit 2007 (February 26-28, in San Diego). This conference regrouped more than 1000 participants and provided key information on BPM discipline and technology status, trends and directions.

Our presence to this conference is in line with our continuous commitment to fully understand the BPM marketplace and align our services and solutions to the evolving and changing BPM world.
